<b>PREFACE</b> . . . . .	ix
<b>INTRODUCTION</b> . . . . .	xi
<b>CHAPTER 1. GENERAL PRINCIPLES OF COMPETITIVE QUALITY</b> . . . . .	1
1.1. What meaning should we attach to the term “quality”? . . . . .	1
1.2. The role of quality in a company’s competitiveness . . . . .	7
1.3. Conclusion . . . . .	13
1.4. Summary of the basic ideas and concepts developed in this chapter . . . . .	14
<b>CHAPTER 2. THE DEFINITION OF A COMPETITIVE QUALITY TACTIC</b> . . . . .	17
2.1. Introduction. . . . .	17
2.2. A company’s socio-economic exchange motor. . . . .	19
2.3. The concept of a competitive quality tactic . . . . .	22
2.4. The major stages when devising a competitive quality tactic . . . . .	24
2.4.1. Collection of input data for the process of creation of a CQT. . . . .	24
2.4.2. Modeling of the arrangement of the intended stakeholders . . . . .	25
2.4.3. Identification of the stakeholders’ perceptions of competitive quality . . . . .	25
2.4.4. Possible gains resulting from the creation of new perceptions of competitive quality. . . . .	28
2.4.5. Identification of the characteristics of the stakeholders’ “quality comburant”. . . . .	29

---

2.4.6. Evolution of offerings to trigger perceptions of competitive quality . . . . .	33
2.4.7. The means to be mobilized and the constraints to be taken into account to produce quality carburants . . . . .	34
2.4.8. The CQTs needing to be elaborated in interrelations with certain suppliers in order to obtain resources that the company does not have . . . . .	36
2.5. The major stages in the drawing up of a competitive quality tactic in a domain of strategic activities . . . . .	39
2.5.1. Collection of the input data for the process of elaboration of the CQT. . . . .	39
2.5.2. The other stages of the process . . . . .	39
2.6. An atypical example of a competitive quality tactic . . . . .	41
2.7. Another example. . . . .	42
2.8. Conclusion . . . . .	43
2.9. Summary of the basic ideas and concepts developed in this chapter . . . . .	45
<b>CHAPTER 3. DEPLOYMENT OF A COMPETITIVE QUALITY TACTIC . . . . .</b>	<b>51</b>
3.1. Introduction. . . . .	51
3.2. The technical functions of a competitive total quality process. . . . .	52
3.3. The input data for deployment of a DSA's CQT . . . . .	55
3.4. The distribution of roles . . . . .	56
3.5. The impact of a competitive quality tactic on quality marketing . . . . .	57
3.6. The impact of a competitive quality tactic on the competitive quality carburant . . . . .	60
3.7. The impact of a competitive quality tactic on the qualification of the system of production of quality carburant. . . . .	65
3.8. The impact of a competitive quality tactic on the monitoring of perceived quality. . . . .	67
3.9. The impact of a competitive quality tactic on the assurance of the company's gains. . . . .	68
3.10. The impact of a competitive quality tactic on improving the efficiency of a competitive total quality process . . . . .	70
3.11. Conclusion . . . . .	78
3.12. Summary of the basic ideas and concepts developed in this chapter . . . . .	78
<b>CHAPTER 4. THE CONDITIONS FOR SUCCESS OF A COMPETITIVE QUALITY TACTIC . . . . .</b>	<b>85</b>
4.1. Introduction. . . . .	85

---

4.2. Raising the level of the system of production of a competitive quality tactic . . . . .	87
4.3. Enhancing the value of the project to bring the system for production of competitive quality tactic up to scratch . . . . .	90
4.4. The main markers of a quality culture . . . . .	90
4.5. The amplifier of a CQT's profitability . . . . .	96
4.6. Conclusion . . . . .	96
4.7. Summary of the basic ideas and concepts developed in this chapter . . . . .	97
<b>CHAPTER 5. SELLING A COMPETITIVE QUALITY TACTIC . . . . .</b>	<b>101</b>
5.1. Introduction. . . . .	101
5.2. Input data for a CQCA . . . . .	106
5.3. The major steps in the design of a competitive quality carburant amplifier . . . . .	107
5.4. The major steps in regulating the production of a competitive quality carburant amplifier . . . . .	110
5.5. Conclusion . . . . .	112
5.6. Summary of the basic ideas and concepts developed in this chapter . . . . .	112
<b>CHAPTER 6. MANAGEMENT OF A COMPETITIVE QUALITY TACTIC . . . . .</b>	<b>117</b>
6.1. Introduction. . . . .	117
6.2. Elaborating a competitive quality tactic . . . . .	120
6.2.1. Finalizing the process of elaboration of a CQT . . . . .	120
6.2.2. Imagining the scenario for the process . . . . .	120
6.2.3. Designing the processor that will carry out the process . . . . .	121
6.2.4. Qualifying the processor. . . . .	124
6.2.5. Guiding the operation of the processor . . . . .	124
6.2.6. Monitoring the maintenance of the processor's capability. . . . .	124
6.2.7. Enhancing the value of the processor's potential to perform . . . . .	124
6.2.8. Evaluating the processor's performances. . . . .	125
6.2.9. Constantly improving the way in which the CQT is elaborated. . . . .	125
6.3. Deployment of a competitive quality tactic . . . . .	125
6.3.1. Finalizing the processes . . . . .	126
6.3.2. Imagining the scenarios for the processes . . . . .	126
6.3.3. Designing the processor that will perform the processes. . . . .	129
6.3.4. Qualifying the processor in charge of deploying the CQT. . . . .	132
6.3.5. Guiding the processor's function and ensuring its performances are maintained . . . . .	132
6.3.6. Enhancing the value of the processor's potential to perform . . . . .	132

---

6.3.7. Ensuring the conformity of the processor's activities with its objectives . . . . .	133
6.3.8. Constantly improving the way in which a CQT is deployed. . . . .	133
6.4. Running the process of design or transformations of the competitive quality carburant amplifiers . . . . .	134
6.4.1. Finalizing the process . . . . .	134
6.4.2. Imagining the scenario for the process . . . . .	135
6.4.3. Designing the processor that will design the amplifier . . . . .	137
6.4.4. Qualifying the processor in charge of designing or transforming the amplifier. . . . .	140
6.4.5. Activating the processor and ensuring its performances remain high . . . . .	140
6.4.6. Enhancing the value of the processor's potential to perform . . . . .	140
6.4.7. Evaluating the processor's performances. . . . .	141
6.4.8. Constantly improving the way in which an amplifier is designed or transformed . . . . .	141
6.5. Application of a competitive quality tactic . . . . .	141
6.5.1. Finalizing the processes . . . . .	142
6.5.2. Imagining the scenario of the processes of application of a competitive quality tactic . . . . .	142
6.5.3. Designing the processor which will apply a competitive quality tactic. . . . .	144
6.5.4. Qualifying the processor in charge of applying the competitive quality tactic. . . . .	147
6.5.5. Activating the processor and ensuring its performances remain high . . . . .	148
6.5.6. Enhancing the value of the processor's activities . . . . .	148
6.5.7. Evaluating the processor's performances. . . . .	148
6.5.8. Constantly improving the way in which the application of a CQT is handled . . . . .	148
6.6. Capitalization on feedback. . . . .	149
6.7. Conclusion . . . . .	149
6.8. Summary of the basic ideas and concepts developed in this chapter . . . . .	149
<b>GENERAL CONCLUSION . . . . .</b>	<b>151</b>
<b>BIBLIOGRAPHY . . . . .</b>	<b>153</b>
