Foreword	ix
Preface	xi
Acknowledgments	xiii
Introduction	xv
Chapter 1. The Upper Limb	1
1.1. Clavicle	2
1.1.1. Perforation of the clavicle	2
1.1.2. Coracoclavicular joint	4
1.1.3. Duplication of the acromial extremity.	6
1.1.4. <i>Costoclavicular sulcus</i>	7
1.2. Scapula	9
1.2.1. Coracoclavicular joint	9
1.2.2. Suprascapular foramen.	11
1.2.3. Suprascapular notch	13
1.2.4. Unfused acromial epiphysis.	15
1.2.5. Circumflex sulcus.	17
1.2.6. Acromial articular facet	19
1.3. Humerus.	21
1.3.1. Septal aperture	21
1.3.2. Supracondyloid process	24

1.3.3. Supracondyloid tunnel	25
1.3.4. Translucency of the septum	27
1.4. Radius	28
1.4.1. Radial tuberosity orientation	28
1.4.2. Double distal radial articular facet	30
1.5. Ulna	31
1.5.1. Medial trochlear notch	32
1.5.2. Lateral trochlear notch	33
1.5.3. Trochlear groove	35
Chapter 2. The Thorax	37
2.1. Sternum	38
2.1.1. Sternal cleft	38
2.1.2. Non-fusion of sternebrae	40
2.1.3. Misplaced manubrium-mesosternal joint	42
2.1.4. Sternal foramen	43
2.1.5. Manubriosternal fusion	45
2.1.6. Manubrium foramen	47
2.1.7. Xiphoid foramen	48
2.1.8. Single xiphoid process	50
2.1.9. Bifurcated xiphoid process	51
2.1.10. Triple xiphoid process	53
2.1.11. Absence of the xiphoid process	54
2.1.12. Suprasternal bones	55
2.2. Ribs	56
2.2.1. Cervical rib	56
2.2.2. Lumbar rib	58
2.2.3. Bifid rib	60
2.2.4. Costal fusion	62
2.2.5. Sacral rib	64
2.2.6. Intrathoracic rib	65
2.2.7. Absence of the 12th rib	67
Chapter 3. The Vertebral Column	69
3.1. First cervical vertebra (atlas)	70
3.1.1. Posterior atlas bridge	70
3.1.2. Lateral atlas bridge	72
3.1.3. Retroarticular bridge	73
3.1.4. Occipitalization	75
3.1.5. Anterior atlas arch deficiency	76

3.1.6. Posterior atlas arch deficiency	77
3.1.7. Double condylar facet	79
3.1.8. Spina bifida occulta	80
3.2. Second cervical vertebra (axis)	82
3.2.1. <i>Os odontoideum</i>	82
3.3. Cervical vertebra.	84
3.3.1. Open transverse foramen	84
3.3.2. Double transverse foramen	86
3.3.3. Bifid spinous process.	88
3.4. Spine.	90
3.4.1. Spina bifida occulta	90
3.4.2. Butterfly vertebra	91
3.4.3. Spondylolysis	93
3.4.4. Transitional vertebra	95
3.4.5. Sacralization.	96
Chapter 4. The Pelvic Girdle	99
4.1. Sacrum	100
4.1.1. Lumbarization.	100
4.1.2. Spina bifida occulta	102
4.1.3. Butterfly vertebra	103
4.1.4. Accessory hip facet.	105
4.2. Coxal bone	106
4.2.1. Accessory hip facet.	107
4.2.2. Pubic spine.	108
4.2.3. Acetabular mark	109
Chapter 5. The Lower Limb	113
5.1. Femur	114
5.1.1. Supracondylar apophysis	114
5.1.2. Fabella	115
5.1.3. Third trochanter.	117
5.1.4. Hypotrochanteric fossa	119
5.1.5. Allen’s fossa.	120
5.1.6. Posterior cervical (acetabular) imprint	122
5.1.7. Poirier’s facet	124
5.2. Patella	125
5.2.1. Dorsal defect.	126
5.2.2. Bipartite patella	127
5.2.3. Vastus notch.	129

5.3. Tibia	131
5.3.1. Lateral squatting facet	131
5.3.2. Medial squatting facet	132
5.4. Talus	134
5.4.1. Lateral squatting facet	134
5.4.2. Medial squatting facet	136
5.4.3. <i>Os trigonum</i>	138
5.4.4. Bifid inferior articular facet	139
5.5. Calcaneus	141
5.5.1. Calcaneus secundarius	141
5.5.2. Absence of the anterior articular surface of the talus	143
5.5.3. Bipartite anterior facet	144
5.5.4. Extension of the posterior articular facet	146
5.5.5. Peroneal trochlea	148
5.5.6. Retrotrochlear eminence.	149
5.6. The foot	151
5.6.1. <i>Os tibiale</i>	151
5.6.2. <i>Os peroneum</i>	153
Appendix. AOVs versus Pathologies	155
References	159
Index	171
