<b>Preface</b> . . . . .	ix
<b>Introduction</b> . . . . .	xiii
<b>Chapter 1. Information and Data Management</b> . . . . .	1
1.1. The digital environment and its issues . . . . .	2
1.2. The lifecycle of documents . . . . .	11
1.2.1. The concept of the three ages . . . . .	11
1.2.2. The records continuum. . . . .	17
1.3. Documents in business processes . . . . .	20
1.3.1. Processes . . . . .	20
1.3.2. Records. . . . .	22
1.3.3. Files . . . . .	28
1.4. Data governance . . . . .	30
1.4.1. Data governance issues . . . . .	30
1.4.2. Big data. . . . .	33
1.4.3. Open data . . . . .	39
1.4.4. The paradox of access to and protection of personal data . . . . .	43
1.5. Conclusion . . . . .	50
<b>Chapter 2. Managing Records</b> . . . . .	51
2.1. Record management standards . . . . .	52
2.1.1. The ISO 15489 standard for records management . . . . .	52
2.1.2. The ISO 30300 series of standards for the records management system . . . . .	65

---

2.2. Criteria and requirements of the digital record . . . . .	71
2.2.1. Evidence . . . . .	71
2.2.2. Authenticity . . . . .	74
2.2.3. The electronic signature . . . . .	79
2.2.4. Integrity . . . . .	84
2.2.5. Reliability . . . . .	86
2.2.6. Usability . . . . .	87
2.3. Risk management . . . . .	88
2.3.1. Documentary risks . . . . .	88
2.3.2. Technological dependence . . . . .	96
2.4. The management and conservation of e-mails . . . . .	101
2.5. Conclusion . . . . .	109
<b>Chapter 3. Appraisal and Classification . . . . .</b>	<b>111</b>
3.1. Appraisal . . . . .	112
3.1.1. Definition and purpose. . . . .	112
3.1.2. The schedule of conservation periods . . . . .	124
3.2. Metadata . . . . .	128
3.3. Naming of digital records . . . . .	134
3.4. Classification. . . . .	136
3.4.1. An intellectual process. . . . .	136
3.4.2. The hierarchical filing plan . . . . .	138
3.4.3. The faceted classification plan . . . . .	150
3.5. Conclusion . . . . .	154
<b>Chapter 4. Sustainability of Information . . . . .</b>	<b>157</b>
4.1. The problem of conservation . . . . .	158
4.1.1. Sustainability of information . . . . .	158
4.1.2. Digitization . . . . .	160
4.1.3. The challenges of archiving. . . . .	168
4.2. The differences between electronic record management and electronic archiving systems . . . . .	175
4.3. Sustainability strategies. . . . .	181
4.3.1. Emulation . . . . .	181
4.3.2. Migration. . . . .	181
4.3.3. The choice of formats . . . . .	182
4.3.4. The obsolescence of formats . . . . .	189
4.3.5. The open archival information system (OAIS) . . . . .	191

4.4. Cloud computing . . . . .	198
4.5. Conclusion . . . . .	206
<b>Conclusion</b> . . . . .	209
<b>References</b> . . . . .	213
<b>Index</b> . . . . .	225
