<b>Preface</b> . . . . .	xi
Patrick BRÉZILLON and Roy M. TURNER	
<b>Introduction</b> . . . . .	xxi
Patrick BRÉZILLON and Roy M. TURNER	
<b>Chapter 1. Pragmatic Research on Context Modeling and Use</b> . . . . .	1
Patrick BRÉZILLON and Roy M. TURNER	
1.1. Introduction . . . . .	1
1.2. Pragmatic research on context . . . . .	2
1.3. Role of context in AI systems . . . . .	3
1.3.1. Data, information and knowledge . . . . .	3
1.3.2. Contextual knowledge . . . . .	6
1.4. Three examples of pragmatic research on context . . . . .	8
1.4.1. Introduction . . . . .	8
1.4.2. Contextual graphs (CxGs) . . . . .	9
1.4.3. Context-based reasoning (CxBR) . . . . .	11
1.4.4. Context-mediated behavior (CMB) . . . . .	12
1.4.5. Conclusions and lessons learned. . . . .	14
1.5. Conclusion . . . . .	18
1.6. References . . . . .	19
<b>Chapter 2. Modeling and Using Context: 25 Years of Lessons Learned</b> . .	23
Patrick BRÉZILLON	
2.1. Introduction . . . . .	23
2.2. Knowledge in action. . . . .	25

2.2.1. Operational knowledge and contextual knowledge . . . . .	25
2.2.2. Operational knowledge and mental models. . . . .	26
2.2.3. Modeling operational knowledge . . . . .	27
2.2.4. Indirect modeling from experience reuse . . . . .	29
2.2.5. Lessons learned . . . . .	31
2.3. Context in action. . . . .	32
2.3.1. Conceptual modeling . . . . .	32
2.3.2. A typology of contexts . . . . .	33
2.3.3. About contextual elements . . . . .	34
2.3.4. Implementation of the contextual graphs formalism. . . . .	39
2.4. Using context in real-world applications . . . . .	40
2.4.1. Context and focus processing . . . . .	40
2.4.2. Context and actors . . . . .	42
2.4.3. Extension of the CxG formalism . . . . .	43
2.5. Conclusion . . . . .	46
2.6. References . . . . .	49
<b>Chapter 3. Toward Pragmatic Context-Based Intelligent Systems. . . . .</b>	<b>53</b>
Roy M. TURNER and Patrick BRÉZILLON	
3.1. Introduction . . . . .	53
3.2. Evolution of AI systems. . . . .	55
3.2.1. Formal versus pragmatic acontextual approaches . . . . .	55
3.2.2. Formal consideration of context . . . . .	56
3.2.3. Pragmatic consideration of context . . . . .	57
3.3. Pragmatic context-based intelligent systems . . . . .	62
3.3.1. Explicit context representation. . . . .	63
3.3.2. Context assessment mechanism . . . . .	66
3.3.3. Context transitionning mechanism . . . . .	68
3.3.4. Context-based intelligent assistant systems. . . . .	68
3.3.5. Context-based intelligent autonomous agents . . . . .	73
3.4. Conclusion . . . . .	80
3.5. References . . . . .	81
<b>Chapter 4. Activating the Context for Learning and Teaching: Findings from the TEEC Project. . . . .</b>	<b>87</b>
Claire ANJOU, Thomas FORISSIER, Jacqueline BOURDEAU, Valéry PSYCHÉ, Lamprini CHARTOFYLAKA and Alain STOCKLESS	
4.1. Introduction . . . . .	87
4.2. Theoretical framework . . . . .	89
4.2.1. Internal and external contexts for education . . . . .	89
4.2.2. Modeling external context . . . . .	91

4.3. The research focuses . . . . .	95
4.4. Methodology . . . . .	98
4.4.1. DBR methodology . . . . .	98
4.4.2. <i>Data collection and analysis</i> . . . . .	99
4.4.3. TEEC organization . . . . .	99
4.5. Results and findings . . . . .	101
4.5.1. Context effects identification and specification . . . . .	101
4.5.2. Using the digital technologies . . . . .	105
4.5.3. Learning as an evolution of mental representations . . . . .	106
4.5.4. The development of digital tools . . . . .	107
4.6. Discussion and interpretation . . . . .	114
4.6.1. Context effect and affective dimension: learning with contexts, contexts effect and cognitive conflict . . . . .	114
4.6.2. Digital education and context . . . . .	117
4.6.3. Mazcalc needs to interact with the scripting tool. . . . .	118
4.7. Conclusion and related work . . . . .	118
4.8. Acknowledgment and credits . . . . .	120
4.9. Appendices: description of the TEEC experiment . . . . .	120
4.9.1. Historical event/social realities . . . . .	120
4.9.2. Geothermal energy . . . . .	121
4.9.3. Literature . . . . .	122
4.9.4. Sustainable development: sugar . . . . .	122
4.9.5. Sustainable development: fruit. . . . .	124
4.10. References . . . . .	125
<b>Chapter 5. Pragmatic Reasoning in Context: Context-Mediated Behavior</b> . . . . .	131
Roy M. TURNER	
5.1. Introduction . . . . .	131
5.2. Context-mediated behavior . . . . .	133
5.2.1. CMB for autonomous agents: Orca Project. . . . .	137
5.2.2. Contextual schemas. . . . .	138
5.2.3. Context assessment . . . . .	144
5.3. CMB and planning. . . . .	146
5.4. CMB in multiagent systems . . . . .	149
5.4.1. Context-appropriate organization and reorganization . . . . .	149
5.4.2. An ontology for contextual knowledge and contexts . . . . .	151
5.4.3. Trust in context . . . . .	154
5.5. (Deep) learning in context . . . . .	155
5.6. Conclusion . . . . .	162
5.7. Acknowledgments . . . . .	162
5.8. References . . . . .	163

<b>Chapter 6. Using Context to Help Identify the Emotional State of a Human in a Conversation</b> . . . . .	169
Andreas H. MARPAUNG and Avelino J. GONZALEZ	
6.1. Introduction and background . . . . .	169
6.2. Use case and research hypothesis . . . . .	170
6.3. Related works . . . . .	172
6.4. Sentiment analysis as a way to model context. . . . .	174
6.5. Our approach to the problem . . . . .	176
6.5.1. Our overall approach to paralinguistic affect recognition . . . . .	176
6.5.2. A (very) brief description of phase I (context-free classification) . . . . .	177
6.5.3. Phase II – the context-centered process . . . . .	178
6.6. Example application: smart phone . . . . .	189
6.6.1. Phase 1: context-free process . . . . .	189
6.6.2. Phase 2: context-centered process . . . . .	190
6.7. Summary and conclusion . . . . .	191
6.8. References . . . . .	192
<b>Chapter 7. Context-Driven Behavior: A Proactive Approach to Contextual Reasoning</b> . . . . .	197
Christian WILSON	
7.1. Motivation for a proactive model. . . . .	197
7.2. Challenges associated with a proactive model . . . . .	199
7.2.1. Coping with uncertainty . . . . .	199
7.2.2. A lack of initial knowledge . . . . .	202
7.3. Context and contextual knowledge. . . . .	203
7.3.1. Problem-solving contexts . . . . .	203
7.3.2. Contextual schemas. . . . .	204
7.4. A framework for context-driven agent. . . . .	208
7.4.1. Defining a problem-solving scenario . . . . .	209
7.4.2. Predicting future contexts . . . . .	210
7.4.3. Identifying context-inappropriate behavior. . . . .	215
7.4.4. Strategy modification. . . . .	217
7.5. Conclusion . . . . .	219
7.6. References . . . . .	219
<b>Chapter 8. Context-Based Personal Data Discovery for Anonymization</b> . . . . .	221
Hassane TAHIR and Patrick BRÉZILLON	
8.1. Introduction . . . . .	221
8.2. Personal and sensitive data . . . . .	223
8.3. Procedure of personal data discovery . . . . .	224

8.3.1. Objective of personal data discovery procedures . . . . .	224
8.3.2. Role of a DPO in personal data discovery . . . . .	225
8.3.3. Description of procedure of data discovery . . . . .	225
8.4. Specifying personal data in the context of an anonymization process . . . . .	228
8.4.1. Definition of anonymization . . . . .	228
8.4.2. Motivation for data anonymization . . . . .	228
8.4.3. Examples of techniques of anonymization . . . . .	229
8.4.4. Anonymization process . . . . .	231
8.4.5. Contextual elements in personal data discovery . . . . .	232
8.5. Related work . . . . .	235
8.6. Procedure contextualization for data discovery . . . . .	236
8.6.1. The concept of context . . . . .	236
8.6.2. Conceptual graph approach . . . . .	236
8.6.3. A case study . . . . .	238
8.7. Conclusion . . . . .	242
8.8. References . . . . .	243
<b>Chapter 9. Situated Management Learning . . . . .</b>	<b>245</b>
John HEGARTY and Régis MAUBREY	
9.1. Introduction . . . . .	245
9.2. Management practices, values and theoretical insights . . . . .	246
9.2.1. Management practices . . . . .	247
9.2.2. Management values . . . . .	251
9.2.3. Management insights . . . . .	253
9.2.4. Toward a dynamic model of situated management learning . . . . .	256
9.3. Situated learning – an application in an accounting classroom . . . . .	257
9.3.1. The rules of the learning game . . . . .	257
9.3.2. The accounting decision-making situation . . . . .	258
9.3.3. Learning teams . . . . .	259
9.3.4. Deliverables by the learning teams . . . . .	259
9.3.5. Feedback to the learning teams . . . . .	260
9.4. Results . . . . .	260
9.5. Discussion, outlook and related research . . . . .	261
9.6. Acknowledgments . . . . .	262
9.7. References . . . . .	263
<b>List of Authors . . . . .</b>	<b>267</b>
<b>Index . . . . .</b>	<b>269</b>
